

## Two days of NLP demonstrations

By Dr. Ernest Frost

**Two days of NLP demonstrations. Come and reconnect, share and have fun. Seeing that the world is supposed to end this year, let's have some fun in the meantime!**

During these two days I am going to demonstrate all the important techniques in NLP.

Hop on hop off! Come for the full two days or just one day. Two days R1900-00. One day R950-00. Lunch and snacks included for both days.

Who should do this course?

For anybody who has already done NLP, or newbie's who are interested to see NLP at work. Just bring a problem or two or three and an open mind.

- Coaches and therapists who are already qualified and have a good background in healing will definitely enjoy this workshop.
- People who have an NLP qualification will use this as the next logical step.
